

SEPTEMBER IS NATIONAL SICKLE CELL AWARENESS MONTH

4th Walk A Mile For Sickle Cell

Children with Sickle Cell Disease are living longer than ever before due to the advancements in science, new drugs and therapies. As these children transition into adulthood, they are faced with lifelong challenges. Your participation and donations will help raise awareness, allow us to continue to advocate for new treatments and funding for Sickle Cell Disease; and continue to provide screening, testing, counseling, education, and support.
